Village of Holmen
Statement of Financial and Programmatic Policies and Goals
2025 Budget

The Village maintains a policy to completely fund its current year operating needs through the annual budget process. Capital projects are budgeted through a five-year plan in order to spread large costs out over a period of time. The Village maintains a fairly constant tax rate and avoids violent mill rate swings. Departments and programs are reviewed annually during the budget process. Additions to the departmental budgets due to increased growth or service demands are reviewed by the department heads and oversight committees. The Board takes final action on the consolidated budget.

The Village Board may choose to utilize GO Bonds to raise revenue to expense projects or costs that cannot be budgeted as part of the annual general fund operating. Debt service payments are scheduled to have a minimal tax effect within the fastest payback period possible. It is the policy of the Village Board to not consume its future tax base with pure debt but to find a balance to best fit the tax burden of the Village taxpayer. This year, the Budget supports new Debt Service, via a “New Note” (borrowing) to cover approx. \$763,500 of capital projects and capital/one-time expenditures (payable in 2026); with the additional use of \$754,000 from remaining Bonds and GF Reserve Accounts; approximately \$220,000 from TIF 3; and an approximate \$280,000 in State Grants. Additionally, the Sewer Utility supports a new loan in the amount of \$4,300,000.

Additional employees are requested through the departmental budgeting process. Team members are hired to represent the values of the organization. Due to budget constraints and the lack of new revenue income, adding new employee positions should be done with caution. It is the board’s policy to be competitive within the employment market place when creating new positions, and maintaining its current employee base. As such, the Village of Holmen has adopted a competitive Compensation and Classification Structure for all non-represented employees, which is amended annually in line with market rates and the CPI for cost of living adjustments. This year, the Village COLA is 4% for non-represented employees. This year, a new Assistant Fire Chief is proposed for the Fire Department.

Village Operational Mission Statement: To provide excellence in the delivery of municipal services, while preserving and enhancing the image of the community, through honest, fair, ethical, accountable and fiscally responsible leadership and team dedication.

Team Member Core Values: Integrity, Accountability and Credibility from: Honesty – Fairness – Professional Ethics – Respect – Dedication

Goals:

- Provide the best possible village services with the lowest possible cost and to promote the highest quality of life
- Provide resources to adequately fund village services
- Provide a well-equipped, and trained staffed, and a safe, professional working environment; while always fairly compensating employees
- To respond to the ever-changing and evolving needs of the community
- To mitigate the tax burden to the greatest extent possible, while recognizing the need to spur development and increase the overall tax base
