Municipal Court Update No meeting held

Possible Action and Recommendation on Creating Chapter 44 Hemp-Derived Cannabinoid and Synthetic Products Ordinance

Collins advised this is the ordinance from last meeting and the changes the committee wanted to see were made and in front of them would be the new ordinance.

Heinig advised the revisions were made to align the ordinance with the board's expectations and existing village ordinances, including age restrictions and implementation provisions. The ordinance limits the sale of these products to businesses located within the B-1 and B-2 Business Districts and prohibits sales in other zoning districts. It also establishes a 200-foot separation requirement from specified protected locations. Additional clarification was made regarding the ordinance's penalties.
